Pottery Programs ~ Spring 2010

Roll it and Make it! ~ Adults

April 12th to June 7th MONDAYS 10 am - 1 pm
An introductory class in hand building with clay slabs is designed for all! Learn to make tiles, trays, vases, mirrors, boxes, and more using just a slab roller and rolling pin! You will then learn several exciting surface decorating techniques using simple tools and found objects.
Instructor: Susan Luster
\$100/resident, \$110/non-res. for 8 week session

Soft Clay, Soft Hands ~Adults

April 12th to June 7th MONDAYS 2 - 4 pm
This class is designed as a gentle, easy and clean exploration of clay for seniors. Using a few simple tools you will learn to make tiles, trays, vases, jars, and more from a slab of clay! Then discover easy decorating techniques using tools, found objects, and painting.
Instructor: Susan Luster
\$80./resident, \$90/non-res. for 8 week session

The Art and Science of Clay

April 13th to June 1st TUESDAYS
9 to 12 year old home schoolers 9 am -11 pm
13 year olds and up 1 -3pm
An exciting new program for home schoolers! While playing and creating with clay, you will discover how geology, physics and chemistry are used by clay artists. Explore various handbuilding techniques and the functions of assorted tools. An introduction to the amazing abilities of the potter's wheel will also be included in this fun learning experience!
Instructor: Marie Haulenbeek
\$ TBD for 8 week session

Beginning Wheel ~Adults

April 14th to June 2nd WEDNESDAYS 10 am-1 pm
Wheel thrown pottery is a great chance to play in the mud! A combined class of demonstrations and individualized instruction will teach the basics skills such as wedging, centering the clay, throwing a cylinder, trimming and glazing techniques to create a variety of vessels. If this is something you always wanted to do, this is your class. No experience required!
Instructor: Lynda Wilson
\$100/resident, \$110/non-res. for 8 week session

Beginning Wheel for Teens

13 - 18 years old
April 14th to June 2nd WEDNESDAYS 4 - 7 pm
Have you always wanted to try throwing clay on a potter's wheel? Now is your chance. Come have fun after school and burn off some energy too! You will learn how to wedge clay, center it on the wheel and how to create simple cylinders and bowls. Techniques such as trimming, decorating and glazing will also be included in this 8 week course. Any experience level welcome.
Instructor: Julie Rowe
