Re: Parking on Collinsworth Drive

With the continued growth of new homes in the Riverwood Athletic Club in recent years parking on the street becomes a problem for response and passage of emergency vehicles. The congestion happens with the long line of traffic for car riders being dropped off and picked up as well as special events held at Riverwood Elementary and Riverwood Middle Schools.

A lot of parents will park their vehicles on both sides of the Collinsworth Drive between Athletic Club Boulevard and Manning Drive to pick up the walking students that live in Riverwood Athletic Club.

Fire Marshal Atkinson and I have been out to Collinsworth Drive during a congested day and measured the street while vehicles were parked on both sides. An engine from Archer Lodge assisted us. ALFD Engine 3 is 102” wide (see photos) while other apparatus from Clayton FD and Archer Lodge has widths up to 118.5”. It is clear that a 118.5” wide truck would have great difficulty passing all the way through with vehicles parked on both sides of the street. In addition the equipment doors on a fire apparatus or an ambulance could not be opened to get needed equipment without striking a parked vehicle.

To solve the wide-vehicle access problem for emergency vehicle responses and even delivery vehicles we are asking for consideration to limit vehicle parking to one side of the block on Collinsworth Drive between Athletic Club Boulevard and Manning Drive.

I have discussed the problem with Police Chief Glenn Allen as well as Keith Heiner, Director of Community Associations for Fred Smith Company and Riverwood HOA Board and they are in support of limiting parking on one side of the block.

“No Parking” signs are requested to be placed on the Northeast side of the 100 block of Collinsworth Drive. Parking would be allowed on the Southwest side which has curb and gutter.

Subject: Parking along Collinsworth Drive

The Community Association is in agreement that there proposes a parking hazard along Collinsworth Drive. At times there are vehicles that are parked on both sides of the street that would not allow emergency vehicles to get through in case of emergency. We believe that no parking signs along with Clayton Police Department enforcement would greatly help this matter. If there are any questions concerning this matter please feel free to contact me.
